March 27, 1950.

Mr. Robert Carroll
Business Manager
Radio Station WHAY
New Britain, Conn.

Dear Mr. Carroll:

Not too long ago, on a midnight oil burning study night, I happened to catch a hitherto unheard signal at 910 K.C.

I was quite surprised and pleased when I heard that WHAY had assumed a twenty-four hour a day broadcast schedule, something which has been too long in forthcoming from a Connecticut radio station.

When WYBC signs off at 1:00 A.M. we are suggesting to our audience that they tune to WHAY for early morning listening.

I wish you and Alan Brown success in this venture.

Cordially yours,

THE YALE BROADCASTING COMPANY

Howard Eaton, Jr.
Program Director
